There was a weak tone to the stock market at the opening of business this morning, when the hears raided the coal stocks on a report that the Pennsylvania Ratiroad intended to reduce prices on anthracite coal. Great pressure was brought to bear against Lackawanns, and the stock dropped by per cent, from last night's closing price to 87%, with large sales on the way down. Delaware and Hudson made a still larger declin ; selling off 134 to 68, but the transactions were selling off 1% to 68, but the transactions were small. Late dealings were characterized by considerable spirit, and there was an improved feeling generally, which was stimulated by advices from the West that East-bound tonnage from Chicago this week had reached the unusually large total of 76,000 tons, and that Eastbound freight rates are being firmly maintained. Erie declined to 12% on London reports that the stock and bondholders would be asked to pay an assessment for the purpose of liquidating the floating debt. ## COMMERCIAL.

Nothing new has been developed in the whole sale markets; quiet still prevails in most departments with little prospect of immediate change. Dry goods are receiving many small orders and show a littleflife. Greceries are in about as much demand as usual for the season and average firm. Dairy products show a continued duliness though there is some inquiry for cheese. Fish are in better request, and for lake descriptions and mackerel the feeling is strong. Oils remain quiet and steady.

DeLand's Chemical Baking Powder has none of the above ingredients, except Cream Tartar and Soda, which contains all the leavening power necessary to use in the manufacture of Baking Powder.
